Weak Hearts

Are due to indigestion. Ninely-nine of every one hundred people who have heart trouble can remember when it was simple indigesit is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigeation. Alt food taken into the stomach which falls of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that Mr. D. Kasble, of Navada, O., says: I had stomach brouble and was in a bad siste as I had heart trouble with it. I took Kodol Dyspepsia Cura for about four bonship and it cured me.

Pe-ru-na for Catarrh: Dr. Hartman receives many letters from Catholic Staters all over the United States. A recommend recently re-ceived from a Catholic institution in the

Southwest reads as follows:
A Prominent Mother Superior Says: "I can testify from experience to the efficiency of Peruna as one of the very beat medicines, and it gives me pleasure to add my praise to that of thousands who have used it. For years I suffered who have used it. For years I surrow with catarrh of the atomach, all reme-dies proving valueless for miles. Last spring I went to Colorado, hoping to be benefited by a change of climate and while there a friend advised me to try Peruna. After using two bottles I found invest vary much improved. The re-mains of my old disease being now so slight, I consider myself cured, yet for s while I intend to continue the use of Perens. I am now treating another patient with your medicine. She has been aick with malaria and troubled with lencorrhees. I have not a doubt

that a cure will be speedily effected."

These are samples of letters received by Dr. Hartman from the various orders of Catholic Sisters throughout the United States.
